

## STEPS TAKEN FOR RAIL STRIKE SETTLEMENT

### CONFERENCE OF RAIL AND UNION HEADS IS BEING ARRANGED

#### CHAIRMAN HOOPER OF THE LABOR BOARD CONFERS WITH EXECUTIVES

#### PRESIDENT ISSUES PROCLAMATION WARNING AGAINST INTERFERENCE WITH MAILED

#### TODAY IN RAILROAD STRIKE

Peace negotiations started in Chicago.

Ben W. Hooper, chairman of the United States railroad labor board, obtained points on which the unions would be willing to make peace and then proceeded to present them to the railroad managers who were in a conciliatory mood.

The big railroad brotherhoods and switchmen's union protest to railroad managers against operation of trains in districts where troops are protecting strike breakers and against operation without effective equipment.

Violence died down after peace negotiations got under way. Unauthorized strikes of maintenance of way men reported in some railroad centers.

Additional trains discontinued by railroads due to lack of repaired equipment and coal.

President Harding in a proclamation directed all persons to restrain from interference with movement of the mails or interstate commerce.

#### Rioting Lead by Woman

Cleveland, Ohio, July 12.—Rioting lead by women broke out here today in the shopmen's strike.

The disorder occurred near the giant shops of the New York Central. A mob of 200, headed by women, swooped down on the shops where strikebreakers were working, hurling bricks and other missiles. Police reserves rushed to the scene and dispersed the crowd and arrested four women and one man.

#### Foreman Tarr'd and Feathered

Springfield, Ill., July 12.—A mob of 20 men, said to be striking shopmen, tarred and feathered Bert Dickson, foreman at the Chicago & Alton roundhouse at Roodhouse, Ill.

Dickson is a nephew of President W. G. Blerd of the Alton road.

Dickson quit work when the shopmen walked out July 1. He returned to work July 4, and refused demands that he join the strikers.

Dickson was eating in the dining car when he was seized by the men. They dumped him into an auto and drove to a woods a mile out of town. The foreman was stripped of his clothing, tar applied and feathers showered on him. He walked back to town and went to Chicago last night.

#### Chicago, July 12—Conference

holding promise for a quick settlement of the railroad shopmen's strike were under way here today.

Ben W. Hooper, chairman of the United States railroad labor board, met with railroad executives throughout the night in an effort to obtain concessions from the carriers.

Following his meeting with the executives, Hooper held another conference early today with the shopcraft union officials with regard to the stand taken by the railroad managers.

After his meeting with the labor chiefs, another conference between Hooper and the company heads was scheduled.

The peace move promised to bring results just as indications pointed to strengthening of the shopmen's strike through action of the Big Four railroad brotherhoods and the Switchmen's Union.

Heads of those five organizations met here with the railroad managers, to protest against operation of the trains with defective equipment and maintenance of troops on railroad property.

Members of the five unions have already started an unauthorized strike

on these points at Bloomington, Ill., and other points.

With the conferences to bring about a settlement under way, reports of violence decreased.

#### Initial Steps to Settle Strike

St. Paul, July 12.—Initial steps have been taken toward a basis for negotiating a settlement of the strike of railroad shopmen in the northwest, it was learned in authoritative sources here Tuesday.

R. A. Henning, head of the Northwest shop crafts in Chicago, according to this information, conferring with officials at national strike headquarters relative to the steps that have been taken here.

Settlement of the strike on a regional basis was declared impossible by M. Adams, chief aide to Mr. Henning, but he admitted the northwest shopmen's leader was in conference with national leaders in Chicago.

"Mr. Henning merely desired to learn first hand what the situation is nationally and to inquire position the men up here shall take relative to a settlement in the event that some development might make an adjustment in the northwest feasible," Mr. Adams said.

Officials of the Northern Pacific were in conference again Monday with Mr. Henning and other northwest strike leaders, previous to Mr. Henning's departure for Chicago, but no agreements were made and the discussion was declared "informal." No conferences with other northwest roads have been held here, it was said.

Union officials here admitted they are awaiting with special interest the return of Mr. Henning to learn what the position of the Northwest shopmen is to be in event a basis for adjustment is found.

#### President Issues Proclamation

Against Interfering With Mails Washington, July 12.—President Harding has declared the existence of a national emergency, a White House official said today, commenting upon the executive's proclamation that the rail strike must not interfere with interstate commerce and the United States mails.

The president has paved the way for prompt federal prosecution and the use of troops if necessary against the interference with trains whose service the government must guarantee its citizens.

The presidential proclamation was sweeping in its source.

It was officially stated that such declarations always carry the force of law, and the president in issuing it understood that any violation of its prohibitive terms would make anyone amenable to prosecution.

It was said to have the effect of a nation-wide blanket injunction prohibiting any interference with the mails or interstate commerce.

#### Steps to Arrange Peace Conference

Chicago, July 12.—Steps to arrange a peace conference between railroad executives and heads of the striking shop men's union were taken here today.

Ben W. Hooper, chairman of the United States Railroad Labor Board, in a conference with directors of the railroad executives association, proposed that they meet with Bert M. Jewell, president of the Shop Crafts union.

The executives promised to give an answer later in the day.

"The proposal which I have made to the executives does not involve a surrender on the part of anyone," Hooper said.

"My suggestion for a conference does not in any way modify the decisions of the Railroad Labor Board."

"I believe the conference I have suggested would be proper and helpful."

#### Governor Preus Warns Strikers

St. Paul, July 12.—Governor Preus today issued a proclamation warning railroad strikers that drastic steps will be taken if they delay transportation.

His proclamation followed closely that of President Harding, warning striking men to "refrain from all interference with lawful efforts of in-

### FURTHER G. O. P.

### ASSAULTS ON TARIFF BILL IN PROSPECT

#### SENATOR MOSES IS PREPARING A SPEECH SAID TO BE UNFAVORABLE TO BILL

#### G. O. P. LEADERS ARE TRYING TO FIND MEANS TO BRING BILL TO A VOTE

(By United Press.) Washington, July 12.—Further republican assaults in the republican tariff bill were in prospect today as senate leaders strove with might and main to find some way of driving the bill to an early vote.

Senator Moses, New Hampshire, is preparing a speech for delivery within a day or two, and according to advance reports its tenor was not entirely favorable to the measure.

The party leaders are frankly more concerned over the opinions in their own ranks than over the democratic assaults.

President Harding's intervention to prevent the side-tracking of the bill for a discussion of a cloture rule was welcomed by the G. O. P. leaders, who hoped it would have the desired effect.

### MAN SHOTS DIVORCED WIFE AND HER FATHER

(By United Press.) Cleveland, Ohio, July 12.—A three-year-old child, Annie Mettenmueller, was the sole witness of the killing of its mother and grandfather, and the attempted suicide of its father here.

John Mettenmueller, the father, went to the grandfather's house to pay alimony to his former wife, Mrs. Katie Mettenmueller.

He talked to the women while the child played around their feet, glad to see father and mother together.

The police say Mettenmueller drew a revolver and killed the woman and Frank Blisius, the grandfather. After that he shot himself when neighbors rushed in, and is in a dying condition.

## Hon. A. A. White Offers to Donate 100 Lots to County of Crow Wing

### Lots Lie Adjacent to the New Court House, and Would Make a Fine Park Near That Building

#### County Commissioners Take the Matter Under Advisement; Ladies are Present to Form Park Association

The county commissioners met at the county building at 10 a. m. Monday morning, July 10, and were in session until after midnight.

In addition to the routine business which consumed most of the time, calling for the consideration and allowing of bills, the acting on applications and road petitions, etc., there were two matters of interest to the people of the county before the commissioners.

The first of these was the submission for approval of five lake shore plats located as follows: Noka Seble lodge, on South Long lake, in Maple Grove township; Hamlet Shores, on Haglund lake, in Deerwood township; Sunset Park, on Holt lake, in Garrison township; Cozy Beach, on Crow Wing lake, north of Fort Ripley, and Eagle Lake Grove on Eagle lake, in Nokay Lake township. These were all approved upon their submission.

The other item of business had to do with the offer of A. A. White, of St. Paul, of over 100 lots, to the board of commissioners, acting as the custodians of county property. Mr. White offered these lots which lie to the

Cuxhaven is a river base on the North Sea at the mouth of the river Elbe.

### GOV'T CONTROL OF COAL INDUSTRY IS PLAN OF CONGRESS

#### NO MATTER WHAT RESULTS ARE ACCOMPLISHED BY PRES. HARDING'S EFFORT

(By United Press.) Washington, July 12.—Government control of the local industry to protect the innocent bystander—the public—during clashes between miners and operators was planned today.

Another attempt is to be made in congress to establish government control of coal mining, no matter what results are accomplished by President Harding's effort to end the present strike. One plan under discussion would throw the control of the coal mines into the hands of either the senate labor committee or a joint committee of the house and senate.

Another would embody the regulatory features of a bill introduced several months ago by Senator Frelinghuysen, N. J. This bill was withdrawn at the time because of the storm of opposition.

### FRENCH WILL OPPOSE GERMAN MORATORIUM

#### GREAT BRITAIN, ITALY AND BELGIUM INFORMALLY AGREE TO PROPOSAL

#### DEFINITE ACTION IS POSTPONED ON PROTEST OF FRENCH REPRESENTATIVE

(By United Press.) Paris, July 12.—The German government this afternoon presented a formal note to the allied reparations commission requesting a moratorium and ask to be relieved of paying the July 15th installment.

Paris, July 12.—Strong French opposition to a three year cash moratorium for Germany which has been informally agreed upon by Great Britain, Italy and Belgium, was believed certain today.

John Bradbury, representative of Great Britain on the allied reparations commission, made the proposal at an unofficial meeting of the commission.

Italy and Belgium immediately agreed. This led to vigorous protest from Gubois, the French member.

On the plea of Gubois, definite action was postponed. The Frenchman left hurriedly for a conference with Premier Poincare.

In addition to an agreement on the three year moratorium, Great Britain, Italy and Belgium informally decided upon an important reduction in payment in kind.

The formal German note requesting a moratorium will be presented to the allied reparations commission this afternoon.

#### Ask American Aid

London, July 11.—Europe with its financial muddle moving toward a crisis, beckoned to America today.

England, according to a semi-official source, planned to draw Washington out on the matter of participating in the meeting of the allied supreme council, where an attempt

sentiment which prompted the offer was born of the happy experiences of home coming week wherein the donor had been mingling with the associates of the days when Brainerd was in its youth. Talks of these old times and of the developments of the years that have intervened suggested that citizens of the present might be interested in providing for the future when Brainerd will have become a much larger center of population and will require breathing places within the city limits.

Mr. White has paid the taxes on this property for the past 50 years and it is free from all encumbrance. Some have thought that the land is not desirable because it lies low, but on Monday, Mr. Curo, county surveyor, with his corps of four assistants, surveyed the land and found it to be two and eight-tenths feet higher than the river at low water mark.

Thoughts of this kind have been in the minds of those who are interested in the offer: Water might be pumped into the hollow up to the level of the top of the high grass and weeds, killing off this growth. The sides of the basin and the level ground might be effectively laid out by a landscape gardener. They also thought of the building of an amphitheater with money raised for this purpose by the park association which will be organized, with those who were present Monday evening as a nucleus.

After having heard Mr. White's offer the commissioners took the matter under advisement.

will be made to untangle the European financial maze.

Following the conference between Lloyd George and Poincare in London, moved by the British premier to discuss the situation arising from the German demand for a moratorium, there will be a meeting of the supreme council, it is understood.

England is of the opinion that there is a possibility of America's participation in European councils once the German reparations problem is settled.

#### Drop in Mark the Cause

Paris, July 12.—It was officially announced the German note stated that owing to the drop in the mark, the government was unable to continue cash reparations payments.

A moratorium until 1923 was asked. The note further suggested that the German government wishes to be relieved of cash payments in 1923 and 1924.

If cash payments are forced, the note said, complete dissolution of economic and financial life in Germany may be expected.

### MINNESOTA CROPS REPORTED BETTER THAN THE AVERAGE

#### ACCORDING TO THE REPORT OF PAUL H. KIRK STATISTICIAN CONDITIONS OF CORN GOOD

(By United Press.) St. Paul, July 12.—Better than the average production of corn, potatoes and flax in Minnesota was predicted today in the report of Paul H. Kirk, statistician of the Minnesota crop reporting service.

The report shows small reduction in the forecasted production of spring and winter wheat, barley and rye, but rather a sharp decline in the forecasted production of oats and all hay.

"The corn acreage shows an increase of two per cent over last year, or 3,493,000 acres," said the report. "The condition of corn throughout the state is very good."

"There has been but little change in the condition of winter wheat, and the condition is as of July 1, 84 per cent of normal, or a forecasted production of 1,566,000 bushels."

"While there was no pronounced rust damage, the dry weather did some damage to spring wheat during the past month. To offset this, the weather was nearly ideal for filling heads so that the reduction or loss has not been heavy. The condition July 15 is 84 per cent of normal, or a forecasted production of 30,477,000 bushels, compared with 23,655,000 bushels last year."

The dry weather affected oats, hay and barley, but not seriously.

### ROAD CONTRACTS TOTALING \$150,000 LET BY BABCOCK

(By United Press.) St. Paul, July 12.—Contracts totaling more than \$150,000 were ordered today by Charles M. Babcock, state highway commissioner, on three of the list of 29 projects on the line of the 1922 trunk highway program.

Proposals are to be opened August 1 and 2 on projects estimated at \$125,000.

One and twenty-two hundredths miles of road to be paved between St. Paul and White Bear on the Goose Lake connection was awarded at \$3.23 a yard.

The Larkin Section company, of Barry, won the 16 mile grading contract on the trunk highway east of Moorhead, No. 2. The grading is to be done at a cost of 26c per yard, a total of \$63,783.

The Minneapolis Bridge company secured the contract for two bridges and monolithic culverts at \$12,261.

The Guaranty Construction company, Minneapolis, was awarded the contract at \$28,600 for a bridge with four 75 foot spans in Warroad, with sidewalk, on trunk highway No. 7.

### OFFICIALLY STATED THERE WAS NO USE CONTINUE PARLEY

#### AS RUSSIANS REFUSED TO MEET HALF WAY ANY PROPOSALS FOR AGREEMENT

#### DEMAND LOAN BUT WILL GIVE NO ASSURANCE OF PAYMENT OF DEBTS

(By United Press.) The Hague, July 12.—The Hague conference on Russia broke down today.

Soviet recalcitrance interrupted this gathering as it did at Genoa.

It was officially announced this afternoon that there was no use continuing the conference on the basis of Litvinoff's answer to the allied proposals. The Russians refused to meet half way any matter regarding pre-war debts, private property and credits. They insisted a loan to Russia was the first thing to be settled before a payment of obligations was discussed.

The allies overruled France's objection, and agreed to this, but even then the Soviet and allied delegates were unable to agree upon a sum, and Litvinoff, head of the Russian delegation, returned an unsatisfactory reply to the powers' final proposal.

### 200 Elks Drill Teams Compete in Prize Drills

(By United Press.) Atlantic City, N. J., July 12.—Drill teams representing more than 200 lodges of Elks now in session here, competed in the prize drill contest on the board walk this afternoon. The various teams, gorgeously dressed, made a striking appearance. As each team passed, it received a tremendous ovation. The St. Paul Elks drum corps won the championship in the drum corps.

### \$2,000,000 IN PAY LOST BY SHOPMEN

#### WALKOUT COSTS STRIKERS \$5,225,000 A MONTH—SENIORITY RIGHT WITHDRAWN

Minneapolis, July 12.—Thirty-five thousand railroad shopmen, who went on strike July 1 against a wage reduction by the United States labor board, already have lost \$2,400,000 in wages, according to figures made public by railway and union officials yesterday.

These statistics, based on an average monthly wage of \$150, including overtime, showed that:

The strike is costing shopmen in the northwest \$5,225,000 a month. Failure to return to work within a specified time limit laid down by the railroads has resulted in withdrawal of seniority rights, pension privileges, free transportation and vacation allowances for thousands.

Striking shopmen on the Minneapolis & St. Louis railroad met the railroad ultimatum regarding loss of seniority rights with the loss of only two men. Shopmen were given until 7:30 a. m. to return or forfeit their seniority rights. W. H. Bremner, president of the Minneapolis & St. Louis said. The strikers remained firm on all lines, strike leaders and rail executives agreed.

Marked decrease in the number of tickets following the first real test of the strike at the Milwaukee, Burlington and Soo shops Monday was evident yesterday. Strike leaders explained the falling off in numbers by saying the men were working in shifts and that they came out in masses from 6 to 8 a. m. Strikers at the Milwaukee shops were investigating absences of pickets.

No violence was reported at any of the Minneapolis shops.

### 200 Elks Drill Teams Compete in Prize Drills

(By United Press.)  
Atlantic City, N. J., July 12.—Drill teams representing more than 200 lodges of Elks now in session here, competed in the prize drill contest on the board walk this afternoon.

The various teams, gorgeously dressed, made a striking appearance. As each team passed, it received a tremendous ovation. The St. Paul Elks drum corps won the championship in the drum corps.

### \$2,000,000 IN PAY LOST BY SHOPMEN

WALKOUT COSTS STRIKERS \$5,225,000 A MONTH—SENIORITY RIGHT WITHDRAWN

Minneapolis, July 12.—Thirty-five thousand railroad shopmen, who went on strike July 1 against a wage reduction by the United States labor board, already have lost \$2,000,000 in wages, according to figures made public by railway and union officials yesterday.

These statistics, based on an average monthly wage of \$150, including overtime, showed that:

The strike is costing shopmen in the northwest \$5,225,000 a month.

Failure to return to work within a specified time limit laid down by the railroads has resulted in withdrawal of seniority rights, pension privileges, free transportation and vacation allowances for thousands.

Striking shopmen on the Minneapolis & St. Louis railroad met the railroad ultimatum regarding loss of seniority rights with the loss of only two men. Shopmen were given until 7:30 a. m. to return or forfeit their seniority rights. W. H. Bremer, president of the Minneapolis & St. Louis said. The strikers remained firm on all lines, strike leaders and rail executives agreed.

Marked decrease in the number of pickets following the first real test of the strike at the Milwaukee, Burlington and Soo shops Monday was evident yesterday. Strike leaders explained the falling off in numbers by saying the men were working in shifts and that they came out in masses from 6 to 8 a. m. Strikers at the Milwaukee shops were investigating absences of pickets.

No violence was reported at any of the Minneapolis shops.

Alderman-Maghan Co.

Tuesday, the Fourth, was "Range  
 Day" at the Brainerd Home Coming.  
 and Brainerd surely turned out en  
 masse to welcome its neighbors of  
 he iron ore country. Never could  
 ny one be given a heartier welcome  
 than that received by every outsider  
 while a guest of that ever-growing  
 and progressive little city. The very  
 air teemed with friendliness and  
 good fellowship. There was "some-  
 thing doing" every minute. The  
 parade was a revelation in itself and  
 something that was well worth go-  
 ing any distance to see.

The floats represented the city  
 rom a tiny Indian village to its  
 present progressiveness and beauty.  
 The teepees, Indians, village, Jim  
 dandies and belles, log huts, horse  
 and oxen drawn carts and wagons  
 brought back memories to the older  
 residents and to the younger gener-  
 ation a glimpse of the fun and also  
 the inconveniences their parents un-  
 derwent fifty years ago.

The committee in charge of the  
 day, deserve much credit and great  
 praise for the thorough and efficient  
 manner in which they conducted  
 each detail so as to make it a suc-  
 cess, and "Range Day" will be one  
 long remembered by those who had  
 the good fortune to partake of Brainerd's  
 splendid hospitality—Trom-  
 mald Times.

## SUGGESTS FORMATION OF HISTORICAL SOCIETY

Senator Hilding Swanson Writes Dispatch Urging That Action Be Taken at This Time

### WOULD BE COMMUNITY BENEFIT

Also Suggests That History of This Community Be Written and Published

Senator Hilding A. Swanson offers the following communication which explains itself:

Editor,  
BRAINERD DISPATCH:

In 1920, I made the suggestion at the Chamber of Commerce rooms that a Historical or Pioneer society be organized in this locality, to gather information with reference to the history of Brainerd, Crow Wing county and vicinity, as in a few years to come it will be impossible to get this valuable information, this information to consist of photographs of old residents and other scenes from this locality, and also including historical relics. I again made the same suggestion in September, 1921, when Mr. and Mrs. Shoaf were to celebrate their fiftieth wedding anniversary in Brainerd, and also that a fiftieth anniversary be held.

So far as I understand it during the celebration no such society has been organized, and I believe it would be for the interest of this community that such society be organized, as it could gather historical data which would be invaluable in the future, and I trust that before long, that such a society be organized. Its members and officers would consist of old residents of this locality, and the historical relics and photographs could be given or loaned to the society and placed in a room used for that purpose, say, at the Carnegie library, for the use of the public.

I also made the suggestion that a history of this locality be published by some of those who are acquainted with the facts, and unless it was done, that I would attempt, if I found time, to publish such a history, as I have since 1917 gathered considerable historical information about Brainerd, Crow Wing county and vicinity, and Col. A. J. Halsted, Chas. D. Johnson, and the undersigned were appointed on that committee, but no meeting has yet been held, so I came to the conclusion that I would personally gather this historical information and publish it in book form just as soon as I could get this information together, which probably will not be until 1923. This, however, will not interfere with the book to be published by Ingolf Dillan, "Brainerd's Half Century", as the book that I am preparing will cover the whole county, as well as the cities and villages therein.

I therefore would appreciate any information from old residents of this community, of any historical data of any kind, and also any old pictures from which cuts will be made, will be returned to the owner, or to the pioneer society if one is organized.

Yours truly,

HILDING SWANSON

### W. BRAINERD BOOSTERS BEATEN

By Fast Merrifield Team Sunday—Boosters Open For Game Next Sunday

The West Brainerd Boosters were defeated by the fast Merrifield team on Sunday, July 9th. Out of eight games played this is but the second time that the team has suffered defeat. The score by innings follows: W. Brd. Boosters...300 200 010—6 Merrifield...005 031 111—11 Batteries—Algrim, Bushway and Hayes; Orth and Long.

Teams are invited to note the fact that the Boosters have an open date Sunday, July 16th, and that they would like to hear from some team in or out of the city that will play them at that time. They state that they would like to hear from the B. A. C.'s.

The first team, West Brainerd Boosters, are open for games and would like to hear from a number of fast teams from the city or from outside of the city. Having lost only two games out of eight played, the team thinks that it can put up a strong game and give other teams a run for a win. The team has an open date Sunday, July 16th, and W. A. Wilcox, manager, and V. Bushway, captain, announce that they would like to book a game for that date. Those wishing to book games are asked to call 98.

### 3RD ANNUAL CONVENTION

Of Famous Rainbow Division at Minneapolis, July 14th and 15th—Minnesota Interested

Members of the famous Rainbow division from every state in the Union will meet in Minneapolis, July 14 and 15, for the 3rd annual convention of the Rainbow Veterans Association. Minnesota is particularly interested in the Rainbow division, for to that division was attached the 151st Field Artillery composed entirely of Minnesota men, and the only Minnesota regiment which served overseas as a unit.

Minnesota officials of the Rainbow Association are making an effort to have every man who served in the 42nd division in the state attend the Minnesota convention. George E. Leach, who was colonel of the regiment, is now mayor of Minneapolis. He is president of the National Association and is making a personal appeal to former members of his regiment to make the trip to Minneapolis for the Rainbow convention.

This meeting will be the first national meeting of any divisional organization in Minneapolis since the war and will bring to Minnesota such famous national figures as Father Duffey of New York, Chaplain of the Fighting Irish Regiment—the 165th. Headquarters for the convention are open in the mayor's office in Minneapolis.

### Funeral of Wm. Betts

The funeral of Wm. Betts will be held at the home of Hugo Gyllenhammer, 407 4th Ave. Northeast, at 2:30 Thursday afternoon, Rev. J. E. Cadwell officiating.

On account of the long illness of Mrs. Betts, the family have been living at Merrifield on North Long lake.

Mr. and Mrs. B. F. Betts, father and mother of the deceased, and Mrs. James Conroy, of Superior, a cousin, arrived this noon to attend the funeral, other relatives are expected Thursday.

Mr. Betts was a member of the M. W. A., Molders Union, and F. O. E. He leaves to mourn his passing a wife and three children, Ethel, Dorothy and Leslie, his mother and father, and many friends.

### Vegetables and Fruits Plentiful

Produce and fruits are plentiful especially the home grown varieties. Fruits, melons and berries also are in good supply at reasonable prices except the high prices for oranges as a result of the light crop in California due to the heavy frost suffered there last winter.

Watermelons are in good supply, and cantaloupes are in big supply at remarkably low prices. There has been an exceptionally heavy yield of cantaloupes in the Imperial Valley of California with as many as 55 cars shipped out in a day.

### Swedish Bethany Ladies Aid

Mrs. K. S. Bredenberg will entertain the Ladies Aid of the Swedish Bethany church at her lake home on Gull lake, Thursday afternoon. Every one with cars should be at the church at 2 o'clock sharp, and all wishing to ride should be on time. The ladies say the men are also invited if they wish to spend the afternoon at the lake.

### Sunday School Teachers Meet

The Sunday school teachers of the Clara Lutheran church will meet at the parsonage on Thursday evening. All teachers should be present.

## BONDHOLDERS FORECLOSE ON PAN TOWN, ST. CLOUD

Says the St. Cloud Times:—Last evening and this morning papers were served on approximately 50 residents of Pan Town prohibiting them from paying rents on dwellings to Samuel S. Pandolfo, who in recent order of Judge Roeser was estrained from collecting rents on the \$350,000 Pan Town property, following foreclosure proceedings started by bond holders.

In the restraining order, Pandolfo is ordered to appear in court on July 28, to explain why a receiver should not be appointed to collect the rents. The order was the opening gun of a legal battle to have the property which is in the name of Mr. and Mrs. Pandolfo sold to satisfy the bonds.

The bondsmen who started the closure proceedings are represented by Donohue and Quigley.

### PLATTE TOWNSITE

Col. A. A. White Developing "The Park to Park Great White Way"

Almond A. White and Mrs. White, of St. Paul, were in the city, visiting with friends and relatives during home coming week. Mr. White's father, Lyman P. White, was known as "The Father of Brainerd", having platted the townsites of Brainerd and Almond A. added a number of additions to the original site.

Following in the footsteps of his father, he has platted over fifty townsites, including Kalispell, Montana, well-known to many Brainerd people, and described below:

"The Park to Park Great White Way," named in honor of Col. A. A. White, pioneer trail blazer from Vermont to the Pacific Coast. Civil War veteran and Father of Kalispell, Montana, August 10th, 1915, upon the completion of his record run from Glacier National Park to Yellowstone National Park with four 90 h. p. Thomas Flyers, taking twenty-four guests in twenty-two hours and seventeen minutes running time, with a delay from trouble of only one minute and fifty-two seconds, breaking the world's record of four sections of loaded motor cars running tandem one mile apart.

The Park to Park Great White Way between Yellowstone and Glacier National Parks is one of the most wonderful scenic routes in the country.

Leaving the west entrance of Yellowstone National Park and running down the west fork of the Gallatin River canyon where elk and deer in large numbers are found and fish abound, to Three Forks at the junction of the Gallatin, Madison and Jefferson rivers which form the head of the great Missouri river, and where is located a monument in memory of Sackajewa, the Indian Squaw who saved the lives of Lewis and Clark's men in their exploration in 1805, near which are situated the wonderful caves which rival the Mammoth Caves of Kentucky in grandeur and extent.

Thence northerly to Helena, the capital of the state of Montana, thence crossing the Rocky mountains over Priest's Pass to Missoula, the center of western Montana and the most charming city in the state. It

is beautifully situated in a wide valley walled in with mountains. The state university is located here.

From Missoula the Park to Park Great White Way runs straight north across the Flathead Indian reservation. It skirts the great bison reserve and Flathead lake, the largest and most beautiful body of water in the United States—excepting the Great Lakes. There is no mountain range in the country to compare with Mission Range, whose fantastic snow-capped peaks wall Flathead valley and lake.

The summer home of the Young Women's Christian Association of America, donated by Col. White, is located near Dayton on the west shore, and the Biological station of the state university is located on the east shore of the lake.

Polson is at the south end of the lake and just beyond the north end is Kalispell, another charming mountain city. From Kalispell the Park to Park Great White Way runs through a beautiful country to the gateway of Glacier National park.

### Demonstrating Puncture Proof Tire

C. W. Floren, of Minneapolis, of the Lee Puncture Proof Tire company is in the city throughout Wednesday demonstrating the Lee puncture proof tire. In this demonstration Mr. Floren has placed a Ford coupe upon spikes that protrude through boards. Each wheel of the car stands on numerous spikes there being probably 100 well sharpened spikes in each board.

Lee tires are made with three layers of steel discs interwoven which prevent punctures and stone bruises. The demonstration is staged on Sixth street in front of the Sherlund garage where the Lee puncture proof tires are handled in Brainerd. In case faulty construction causes a blow out or puncture such faulty construction is replaced by the company.

### Entertained Class

The "I'll Try Class" of the Zion Evangelical Sunday school was pleasantly entertained by Mrs. J. Strickler Tuesday evening, July 11, at their summer cottage at South Long lake. About thirty-five young people and others took advantage of the cordial invitation extended them. A delicious supper was spent in various ways, boating, etc. All reported having had a splendid time.

WASHES AND DRIES WITHOUT A WRINGER

## Let CENTRIFUGAL FORCE make washday easy!

The Laun-Dry-Ette has no wringer. It dries the clothes by centrifugal force.

This feature of the Laun-Dry-Ette makes it the greatest labor-saving electrical washing machine on the market.

You have no wringer to feed. The Laun-Dry-Ette washes the clothes quickly and thoroughly—then whirls the suds out; it rinses the clothes, then whirls out the rinse water; it blues them—then whirls them dry for the line.

Drying by centrifugal force enables you to do your entire washing without extra tubs. It makes it impossible to injure buttons or fasteners. It keeps your hands soft and white, because you never have to put them in the water.

Let centrifugal force make washday easy. We shall be glad to give you a demonstration. Please phone, write or call today.

Lee tires are made with three layers of steel discs interwoven which prevent punctures and stone bruises. The demonstration is staged on Sixth street in front of the Sherlund garage where the Lee puncture proof tires are handled in Brainerd. In case faulty construction causes a blow out or puncture such faulty construction is replaced by the company.

### Entertained Class

The "Till Try Class" of the Zion Evangelical Sunday school was pleasantly entertained by Mrs. J. Strackler Tuesday evening, July 11, at their summer cottage at South Long lake. About thirty-five young people and others took advantage of the social invitation extended them. A delicious supper was spent in various ways, boating, etc. All reported having had a splendid time.

electric washing machine  
WASHES AND DRIES WITHOUT A WRINGER

Let  
**CENTRIFUGAL FORCE** make  
washday easy!

The Laun-Dry-Ette has no wringer. It dries the clothes by centrifugal force.

This feature of the Laun-Dry-Ette makes it the greatest labor-saving electrical washing machine on the market.

You have no wringer to feed. The Laun-Dry-Ette washes the clothes quickly and thoroughly—then whirled the suds out; it rinses the clothes, then whirled the rinse water; it blues them—then whirled them dry for the line.

Drying by centrifugal force enables you to do your entire washing without extra tubs. It makes it impossible to injure buttons or fasteners. It keeps your hands soft and white, because you never have to put them in the water.

Let centrifugal force make washday easy. We shall be glad to give you a demonstration. Please phone, write or call today.

## ENCOURAGE HOME MANUFACTURING

WE have in the past few weeks shown in these columns many instances where imported goods are sold in the United States at far larger profits than is necessary for safe business operations. A hot controversy is now raging between the statesmen in the U. S. Senate and the importers and their friends over this issue.

There is one phase of this subject, however, that is of vital interest to every citizen, whether he be a retail or wholesale buyer. This is the manifest fact that, so soon as American manufacturing can be stopped by a flood of cheap imports competing with home products, the foreign commodities will rise in price to whatever level their makers desire to set. Then importer and consumer will alike suffer.

It should be evident then that the safe way, the patriotic way and the honest way is to safeguard the home market. This would make it possible for everything which can be produced at home to be made and marketed at a proper profit. American manufacturing will be in no danger from Old World competition as long as this is done. On the other hand, when production becomes unprofitable here, we will be compelled to pay whatever the foreign manufacturer desires to wring from us for his goods.

During the greater part of our country's history this principle has been recognized in American trade. When we failed to encourage our own manufacturing, everybody suffered—not merely those industrial interests which lost their own nation's support, but all the people. When we made certain of home trade being sure of a good market at home, everybody shared in the resultant prosperity—and everybody was correspondingly happy except those comparatively few individuals who did not find pleasure in a busy and contented America. Let us heed the lesson learned by experience.

## BOMBARDED WITH PROPAGANDA

NEVER since the palmy days when Geo. Creel was running his department of "Public Information" for the benefit of the Wilson administration were the people of America so bombarded with propaganda of every description. It seems as if about everybody who wants anything, whether in Europe, Asia, Africa, South America, or the tag ends of creation, makes a plea to the people of the United States, generally for financial aid, frequently for political help, and sometimes indeed for actual warlike interference. And then we have also "emancipators," lecturers and special emissaries touring the country advocating all sorts of new fads. Magazines, books and pamphlets flood the mails; special writers with "exclusive articles" discuss everything under the sun.

There are a veritable army of authorized agents of all sorts and degrees of subtlety canvassing the country, and some of the work they do is clever enough to deceive temporarily government officials, while the inexperienced pass over their wealth as though they were lambs in Wall street. Efforts have even been made to make Congress a tool for the furtherance of foreign political plots, schemes and plans. Then when Washington or the country at large shows any disposition to balk, and declines to be made the goat, America becomes a target for abuse. The nifty would-be exploiters seem incapable of understanding why we dare to resent or balk their efforts to "do" us. That is the comical aspect of a situation largely resulting from the world-wide charities of our generous people.

## DO CHURCHES NEGLECT INDIANS?

THE Milaca Times apparently thinks the Indians of Northern Minnesota are not receiving enough attention from the churches that are sending out missionaries. The Times complains that: "Missionaries are still occasionally dropping into this section of the country and begging for money to use in converting a few measly Chinks on the other side of the world, while the Indians of Minnesota are left without education, churchless and friendless, degenerating into a shiftless bunch of vagabonds. Sometimes we fear that there is too much of the love of the spectacular and too much fondness for trips to far-away countries in this foreign missionary work."

If we are not mistaken, however, there are now and have been for many years, a number of missionaries working among the Indians of Northern Minnesota, and many of the red people have been converted. We know personally several Indians who have been educated in theological colleges and ordained as ministers, who are now preaching the gospel among the Indians of Northern Minnesota.

## A CASE OF CLEAR CONSCIENCE

FORMER Senator Cornelius Cole of California was a recent visitor to the capitol at Washington. Mr. Cole served in the House from 1863 to 1865, and in the Senate from 1867 to 1873. ## "LABOR IN CONTROL" —NO SCABS IN TOWN

Louisville—At Corbin, Ky., where the shops of Cumberland Valley, east Kentucky coal district are located, the railroad men on the L. and N. railroad control the city government, having elected a complete independent ticket of railroad men last fall, and as a result have blocked the railroad company in every move to bring in strike breakers, not even allowing guards to come in.

The business men have posted notices that no scabs can purchase anything in the town nor can they eat at any restaurant.

They have also refused to sell anything to the railroad company. As a result a leading special agent of the railroad company, Curt Jones, and all of his men, have resigned because they and their families could buy nothing to eat. The mayor phoned the railroad officials he didn't want them to send guards to Corbin, that they had everything well in hand and that when he couldn't handle the situation he would call on the governor for troops. Of course he will never call for troops. The engines are breaking down daily for want of repairs. The freight service has been dead from beginning of the strike, only local freights running and one train daily of perishables.

### Brotherhood Action in Strike Hinted

"When the lives of crews and passengers are threatened because of faulty equipment, the big railroad brotherhoods will act."

This was the statement here today of William G. Lee, president of the Brotherhood of Railroad Trainmen and spokesman for the big brotherhoods.

"We have told our members to operate trains as long as poor equipment does not endanger their lives or those of passengers," Lee said.

"But when the lives of our members and passengers are at stake well the brotherhoods will act."

Lee said the railroads had been prompt so far in investigating complaints of faulty equipment received from the various parts of the country.

## RIGHT ABOUT FACE

### What is a Decision of the United States Labor Board Worth?

The question is a fair one in view of the right-about face made by the Labor Board in its compromise with the officials of the maintenance of way unions.

If wage reductions as imposed upon the shopmen were final and sacred. To question them was a sign of a rebellious spirit. It is equivalent to a disregard of a voice of the government itself. The men who refused to abide by these instructions were "outlaws."

But every point which the Labor Board has insisted upon as finally settled in its decisions affecting shopmen, it has thrown open for revision in the case of the maintenance of way employees. The track men are to seek adjustments of the wage cuts and other rulings of the Labor Board with the individual managements of the railroads. The Labor Board promises in case disputes arise in these negotiations it will give the right of way to a hearing and settlement of the disputes. In a word, the Labor Board is now saying that its decisions are not final, where a few days ago it proclaimed them inviolable.

## MEETING HELD TO ORGANIZE AUTO CLUB

Prominent Members of Clubs of Other Cities Present to Urge Such an Organization

### MEMBERSHIP COM. IS ELECTED

Secretary of the State Association Gave Outline of Work Done for Benefit of Motorists

A meeting of people interested in the organization of an automobile club, composed of automobile owners, garage owners and others, met at the rooms of the Chamber of Commerce Monday evening to consider the question of the advisability of organizing an automobile club in Brainerd.

R. R. Gould was elected temporary chairman. Frank S. Gold, president of the Minneapolis Automobile club and president of the Northwestern Knitting Co. of Minneapolis, spoke of the benefits to be obtained through such an organization, and gave examples of the work of the club in Minneapolis. Speaking of the activities of the club, Mr. Gold showed how it organized the Tourists Welcome Bureau and how, in cooperation with the mayor and the chief of police, it has been a benefit to automobile owners in the Mill city. In Minneapolis the police are expected to stop every car they see bearing a license plate which shows that it comes from outside of the state, the driver of the car is then given an information card showing the location of tourists information bureaus, and carry in ga welcome from the mayor.

G. Roy Hill, secretary of the state association of automobile clubs, gave an outline of the work which the associated clubs has done towards correcting legislation detrimental to the interests of their members and supporting beneficial legislation.

D. B. W. Kelly of Aitkin, secretary of the Aitkin Auto club spoke of the benefits of an auto club to a small town.

After a thorough discussion as to the ways and means of making such a club possible in Brainerd a committee on membership was elected consisting of Ed Anderson, L. W. Sherrlund, John T. Imgrund, Harry Butler, Ernest Butler, Charles Stadlbauer and P. M. Zakariassen.

The next meeting of those interested will be held on Friday evening, July 14, at the Chamber of Commerce rooms when Mr. Hill will again be present to answer questions and give advice.

### ASSAULT CASE CONTINUED

Case of Ernest Price of Emily in Municipal Court, Continued Until Result of Injuries are Known

The case of Ernest Price, charged with wilfully and wrongfully wounding and inflicting serious bodily harm upon Philip Buchite, at Emily, on the Fourth of July, was continued by stipulation in the municipal court on Wednesday morning. Mr. Buchite's condition has been serious as a result of the injuries sustained, and it was thought that he would die. However at this time there are some signs of improvement. The case was continued pending the restoration of the victim.

M. E. and C. A. Ryan are the attorneys for the defendant while County Attorney S. F. Alderman represents the State of Minnesota.

### Joe Bush Wins Sharply Contested Pitchers' Duel

New York, July 11.—The New York Yankees drew first blood today in the series with St. Louis, Bush winning a keenly contested twirling duel from Shocker, 2 to 1. Sisler, St. Louis' leading hitter, failed to reach base in four times up. After St. Louis scored in the first inning on Tobin's single, Sisler infield out and William's single, New York tied the score in the second on a freak home run by Ward. In trying to make a one-handed catch on Ward's high line drive, Williams batted the ball into the bleachers.

## OLD SETTLERS HOLD SERVICES IN CHURCH

Right Rev. C. G. Bennett, Bishop of Duluth, Conducted the Services

—10 Are Baptised

### PREACHED ELOQUENT SERMON

There Was an Unusually Large Attendance, Embracing a Large Number of Home Comers

Sunday, July 9, 1922, Old Settlers Sunday, Right Rev. C. G. Bennett, Bishop of Duluth, held services in St. Paul's Episcopal church.

Ten persons were baptized by the Bishop, who also celebrated Holy Communion, and preached an eloquent and thoughtful sermon from the text, "God loveth Zion more than all the dwellings of Jacob," bringing home to his hearers the importance of spiritual life as compared with the merely temporal, however large and seemingly important our worldly affairs may be.

He spoke of the weakening of the white race through the recent World prestige for the religion and civilization which it represents. And called attention that the yellow man, the brown man and the black man are watching with jealous eyes to see the white race again disrupted and fighting within itself, that they may gain the supremacy and sup-

plant our boasted Christian civilization with that of Mohammed.

"We must work and sacrifice as we have never done before, or our civilization will prove unworthy in the sight of Almighty God, and will go the way of those that have gone before. The danger is more real than many of us suppose."

The church is the bulwark of our life, and in the sight of God, Christ is of more value than any earthly success, however great.

There was an unusually large attendance, embracing many old settlers and former members of the church here, including one couple, Mr. and Mrs. A. A. White, of St. Paul, who attended St. Paul's church fifty years ago; Mrs. H. A. Flint of Minneapolis and Mrs. Geo. Ames of Staples, who with Mrs. Jennie Grew-cox were confirmed in this church by Bishop Whipple, forty years ago, and Mr. and Mrs. J. K. Pearce, of Portland, Ore., Mrs. Fred Lowe of Fargo, Mrs. E. M. Westfall and others.

## MEETING HELD TO ORGANIZE AUTO CLUB

Prominent Members of Clubs of Other Cities Present to Urge Such an Organization

### MEMBERSHIP COM. IS ELECTED

Secretary of the State Association Gave Outline of Work Done for Benefit of Motorists

A meeting of people interested in the organization of an automobile club, composed of automobile owners, garage owners and others, met at the rooms of the Chamber of Commerce Monday evening to consider the question of the advisability of organizing an automobile club in Brainerd.

R. R. Gould was elected temporary chairman. Frank S. Gold, president of the Minneapolis Automobile club and president of the Northwestern Knitting Co. of Minneapolis, spoke of the benefits to be obtained through such an organization, and gave examples of the work of the club in Minneapolis. Speaking of the activities of the club, Mr. Gold showed how it organized the Tourists Welcome Bureau and how, in cooperation with the mayor and the chief of police, it has been a benefit to automobile owners in the Mill city. In Minneapolis the police are expected to stop every car they see bearing a license plate which shows that it comes from outside of the state, the driver of the car is then given an information card showing the location of tourists information bureaus, and carrying a welcome from the mayor.

G. Roy Hill, secretary of the state association of automobile clubs, gave an outline of the work which the associated clubs has done towards correcting legislation detrimental to the interests of their members and supporting beneficial legislation.

D. B. W. Kelly of Aitkin, secretary of the Aitkin Auto club spoke of the benefits of an auto club to a small town.

After a thorough discussion as to the ways and means of making such a club possible in Brainerd a committee on membership was elected consisting of Ed Anderson, L. W. Sherlund, John T. Imgrund, Harry Butler, Ernest Butler, Charles Stadlbauer and P. M. Zakariassen.

The next meeting of those interested will be held on Friday evening, July 14, at the Chamber of Commerce rooms when Mr. Hill will again be present to answer questions and give advice.

### ASSAULT CASE CONTINUED

Case of Ernest Price of Emily in Municipal Court, Continued Until Result of Injuries are Known

The case of Ernest Price, charged with wilfully and wrongfully wounding and inflicting serious bodily harm upon Philip Buchite, at Emily, on the Fourth of July, was continued by stipulation in the municipal court on Wednesday morning. Mr. Buchite's condition has been serious as a result of the injuries sustained, and it was thought that he would die. However at this time there are some signs of improvement. The case was continued pending the restoration of the victim.

M. E. and C. A. Ryan are the attorneys for the defendant while County Attorney S. F. Alderman represents the State of Minnesota.

### Joe Bush Wins Sharply Contested Pitchers' Duel

New York, July 11—The New York Yankees drew first blood today in the series with St. Louis, Bush winning a keenly contested twirling duel from Shocker, 2 to 1. Sisler, St. Louis' leading hitter, failed to reach base in four times up. After St. Louis scored in the first inning on Tobin's single, Sisler infield out and William's single, New York tied the score in the second on a freak home run by Ward. In trying to make a one-handed catch on Ward's high line drive, Williams batted the ball into the bleachers.

Thos H. Ince presents "Lying Lips" with House Peters and Florence Vidor.

#### "Lying Lips" at New Park

Hundreds of panic-stricken "passengers" fighting frenziedly for places in lifeboats, while ship's officers with loaded revolvers guarantee the unwritten law of the sea, "women and children first," comprise many of the most spectacular scenes in "Lying Lips," Thomas H. Ince's second great special attraction for the Associated Producers, Inc., which will be the feature attraction at the New Park tonight and Thursday.

The vivid picturization of a sea disaster was photographed on the S. S. "Governor," the largest passenger vessel in the Pacific coastal service, and required six full nights of strenuous rehearsing and photographing to complete. The powerful searchlights of the big liner, playing on the stampeding mob and on the lowering lifeboats produced, it is stated, one of the weirdest and most realistic marine tragedies ever filmed.

#### Elliott Dexter at Lyceum

Elliott Dexter, for several years famous leading man in Cecil B. DeMille productions, was specially engaged by the late William D. Taylor to play the leading role of "Jack Brookfield" in "The Witching Hour," a new Paramount picture which comes to the Lyceum Theatre tonight and Thursday.

A Paramount Picture

"Jack Brookfield" in "The Witching Hour" is a part made to order for the cultured, restrained art of Mr. Dexter. It is believed that this interpretation will stand as the greatest of all his screen and stage work. As the man of strong will he has an unusual opportunity.

#### Chooses Poverty Over Rich Home

If an ordinary girl had her choice of being a lady with a stately genealogical tree, or wife to the captain of a fishing smack, it is probable she would prefer Parisian schools, party

frocks and two aristocratic aunts. But she is not an ordinary girl. She is Gladys Walton, a Universal star, who has a family crest of imposing device, as any genealogical book will show.

Yet in her picture, "The Rowdy," which is to be shown at the Lyceum on Friday, Miss Walton chooses the humble life in a fishing village in preference to a society flapper's existence. For in the colony of sturdy fishermen, there is adventure, and the love for which every girl waits, while in the stately home she is offered, there is nothing but a monotonous stillness and the kindly affection of two old people.

The picturesque settings of "The Rowdy" make it a picture notable for its scenic beauty. It is replete with thrills—a fight with whales—the struggles between a man's desire and a girl's cleverness, a sea clash between men for supremacy in love.

#### "Connecticut Yankee" Coming

Manager Hiller of the Lyceum has arranged to play the big Wm. Fox special, "A Connecticut Yankee," by Mark Twain, next Monday and Tuesday.

#### "Pilgrims of the Night" at New Park

Crowds are the greatest protection that a man wanted by the police can have. The criminal who hides in a vast city is far safer than one who runs for the wilderness thereby makes himself conspicuous by going to a place where human beings are few and far between. The one who stays in

the city and mingles with people is the one who is hard to find. In a mass the individual is lost.

Jean Campion used this fact in accomplishing a seemingly impossible escape during a raid on Marcel's gambling house in Paris by the French police. Alone in a room, the locked door of which was being battered down by gendarmes, Campion contrived the ruse that carried him to safety.

His plan is one of the many clever bits which go to make "Pilgrims of the Night," the J. L. Frothingham production distributed by Associated Producers, Inc., which will be the attraction at the New Park theatre, beginning Friday, one of the most thrilling melodramas which has ever been placed on the screen. Rubye De Remer, Lewis S. Stone, William V. Mong and Raymond Hatton are among the noted players in the cast.

#### ANOTHER BRAINERD CASE

It Proves That There's a Way Out for Many Suffering Brainerd Folks

Just another report of a case in Brainerd. Another typical case. Kidney ailments relieved in Brainerd with Doan's Kidney Pills.

Hans Anderson, 502 Norwood St., says: "I caught a cold while at work and my back started aching. I noticed it first when I stooped to shovel some coal. I got such a sharp catch in my back I thought I had been hit. From then on I had a steady ache and pains in my back and I felt sore and stiff in the morning. My kidneys acted unnaturally and between all these symptoms I was feeling pretty badly. I tried easily and was usually all in before the day was over. I got a supply of Doan's Kidney Pills at Dunn's Drug Store and after using them a short time I was rid of these pains and the kidney disorder."

#### STEPS TAKEN FOR RAIL STRIKE SETTLEMENT

(Continued From Page One)

terstate transportation and the carrying of the United States mails."

The governor, en route to Washington to ask federal aid to prevent a coal shortage in the northwest, wired his proclamation to his secretary here.

The proclamation ordered all peace officers and county and municipal officials to aid in the preservation of law and order and take whatever steps are necessary in combating any unlawful acts to hamper transportation of the mail and persons and goods.

This, he declared, is essential for all persons in the state.

The proclamation contained no threat of calling out state troops, but it was considered that inasmuch as this is the first official proclamation of the strike situation by the governor, it might be a forerunner to such an action.

#### Rioting Breaks Out

Dennison, Texas, July 12.—One man was shot and seriously wounded here early today when a dozen men, some of them deputy marshals, were reported severely beaten when rioting broke out between strike breakers and rail strike sympathizers.

#### N. W. Supervisor Beaten

Milwaukee, July 12.—William Clague, city supervisor for the Northwestern road, was attacked here last night by five men, reported to be striking shop men of the Northwestern.

#### "WOMAN SCORNE" SHOOT HER FORMER LOVER, THEN SELF

(By United Press)  
Toledo, Ohio, July 12.—A bride of only a few hours sat at the bedside of her husband today and prayed he might recover from wounds inflicted by a woman who claimed to be his first love.

The tragedy which ended in the death of the "woman scorned," the critical wounding of the bridegroom, and blasting of a summer honeymoon, was the outgrowth of jealousy, police believe.

Kenneth Gumm, 23, salesman, was shot through the left lung by Evelyn Courtoure, pretty Sylvania, Ohio, girl at the summer wedding party.

"Kenneth belongs to me," the girl shouted breaking in upon the party. She drew a revolver and fired twice. Then she turned the gun on herself and fired, the bullet enter-

ing through her temple and she fell dying.

Gumm and Miss Pearl Dolan, attractive Toledo manicurist, were married in Monroe yesterday noon. They came here to celebrate.

Mrs. Gumm became the center of much comment in Ohio several weeks ago when she announced she would be a candidate for state senator. She failed to file the necessary papers, however.

#### FRENCH WOMAN TENNIS VICTOR IS AGAIN VICTORIOUS

(By United Press)  
Wimbledon, England, July 12.—Suzanne Lenglen today added another virtual world's championship to her tennis honors when, paired with O'Hara Woods, she defeated Miss Elizabeth Ryan, paired with Randolph Lyepp, at 6-4 and 6-2 in the finals of the next doubles.

#### Ask your dealer for the NEW PRICE

AT the new price, the Fisk Non-Skid 30 x 3 1/2 Tire is a value that has never before been equalled, even by Fisk. Big, strong, lively, safe and good-looking, you can now buy complete tire satisfaction at a price which is astonishingly low.

The larger-size, straight-side Fisk Non-Skids have been reduced in proportion—and give a value in extra mileage greater than any other standard fabric tires for general use.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon.

Thos H. Ince presents "Lying Lips" with House Peters and Florence Vidor.

#### "Lying Lips" at New Park

Hundreds of panic-stricken "passengers" fighting frenziedly for places in lifeboats, while ship's officers with loaded revolvers guarantee the unwritten law of the sea, "women and children first," comprise many of the most spectacular scenes in "Lying Lips," Thomas H. Ince's second great special attraction for the Associated Producers, Inc., which will be the feature attraction at the New Park tonight and Thursday.

#### Elliott Dexter at Lyceum

Elliott Dexter, for several years famous leading man in Cecil B. DeMille productions, was specially engaged by the late William D. Taylor to play the leading role of "Jack Brookfield" in "The Witching Hour," a new Paramount picture which comes to the Lyceum Theatre tonight and Thursday.

"Jack Brookfield" in "The Witching Hour" is a part made to order for the cultured, restrained art of Mr. Dexter. It is believed that this interpretation will stand as the greatest of all his screen and stage work. As the man of strong will he has an unusual opportunity.

#### Chooses Poverty Over Rich Home

If an ordinary girl had her choice of being a lady with a stately genealogical tree, or wife to the captain of a fishing smack, it is probable she would prefer Parisian schools, party

frocks and two aristocratic aunts. But she is not an ordinary girl. She is Gladys Walton, a Universal star, who has a family crest of imposing device, as any genealogical book will show.

Yet in her picture, "The Rowdy," which is to be shown at the Lyceum on Friday, Miss Walton chooses the humble life in a fishing village in preference to a society flapper's existence. For in the colony of sturdy fishermen, there is adventure, and the love for which every girl waits, while in the stately home she is offered, there is nothing but a monotonous stillness and the kindly affection of two old people.

The picturesque settings of "The Rowdy" make it a picture notable for its scenic beauty. It is replete with thrills—a fight with whales—the struggles between a man's desire and a girl's cleverness, a sea clash between men for supremacy in love.

#### "Connecticut Yankee" Coming

Manager Hiller of the Lyceum has arranged to play the big Wm. Fox special, "A Connecticut Yankee," by Mark Twain, next Monday and Tuesday.

#### "Pilgrims of the Night" at New Park

Crowds are the greatest protection that a man wanted by the police can have. The criminal who hides in a vast city is far safer than one who runs for the wilderness thereby making himself conspicuous by going to a place where human beings are few and far between. The one who stays in

the city and mingles with people is the one who is hard to find. In a mass the individual is lost.

Jean Campion used this fact in accomplishing a seemingly impossible escape during a raid on Marcel's gambling house in Paris by the French police. Alone in a room, the locked door of which was being battered down by gendarmes, Campion contrived the ruse that carried him to safety.

His plan is one of the many clever bits which go to make "Pilgrims of the Night," the J. L. Frothingham production distributed by Associated Producers, Inc., which will be the attraction at the New Park theatre, beginning Friday, one of the most thrilling melodramas which has ever been placed on the screen. Rubye De Remer, Lewis S. Stone, William V. Mong and Raymond Hutton are among the noted players in the cast.

#### ANOTHER BRAINERD CASE

It Proves That There's a Way Out for Many Suffering Brainerd Folks

Just another report of a case in Brainerd. Another typical case. Kidney ailments relieved in Brainerd with Doan's Kidney Pills.

Hans Anderson, 502 Norwood St., says: "I caught a cold while at work and my back started aching. I noticed it first when I stooped to shovel some coal. I got such a sharp catch in my back I thought I had been hit. From then on I had a steady ache and pains in my back and I felt sore and stiff in the morning. My kidneys acted unnaturally and between all these symptoms I was feeling pretty badly. I tired easily and was usually all in before the day was over. I got a supply of Doan's Kidney Pills at Dunn's Drug Store and after using them a short time I was rid of these pains and the kidney disorder."

#### STEPS TAKEN FOR RAIL STRIKE SETTLEMENT

(Continued From Page One)

terstate transportation and the carrying of the United States mails."

The governor, en route to Washington to ask federal aid to prevent a coal shortage in the northwest, wired his proclamation to his secretary here.

The proclamation ordered all peace officers and county and municipal officials to aid in the preservation of law and order and take whatever steps are necessary in combating any unlawful acts to hamper transportation of the mail and persons and goods.

This, he declared, is essential for all persons in the state.

The proclamation contained no threat of calling out state troops, but it was considered that inasmuch as this is the first official proclamation of the strike situation by the governor, it might be a forerunner to such an action.

#### Rioting Breaks Out

Dennison, Texas, July 12.—One man was shot and seriously wounded here early today when a dozen men, some of them deputy marshals, were reported severely beaten when rioting broke out between strike breakers and rail strike sympathizers.

Milwaukee, July 12.—William Clague, city supervisor for the Northwestern road, was attacked here last night by five men, reported to be striking shop men of the Northwestern.

#### "WOMAN SCORNE" SHOOT HER FORMER LOVER, THEN SELF

(By United Press) Toledo, Ohio, July 12.—A bride of only a few hours sat at the bedside of her husband today and prayed he might recover from wounds inflicted by a woman who claimed to be his first love.

The tragedy which ended in the death of the "woman scorned," the critical wounding of the bridegroom, and blasting of a summer honeymoon, was the outgrowth of jealousy, police believe.

Kenneth Gumm, 23, salesman, was shot through the left lung by Evelyn Courtoure, pretty Sylvania, Ohio, girl at the summer wedding party.

"Kenneth belongs to me," the girl shouted breaking in upon the party. She drew a revolver and fired twice. Then she turned the gun on herself and fired, the bullet enter-

ing through her temple and she fell dying.

Gumm and Miss Pearl Dolan, attractive Toledo manicurist, were married in Monroe yesterday noon. They came here to celebrate.

Mrs. Gumm became the center of much comment in Ohio several weeks ago when she announced she would be a candidate for state senator. She failed to file the necessary papers, however.

Los Angeles, July 12.—Gloria Swanson's alleged \$500 hug and other costly caresses figured today in the suit to break the will of Matthew P. Burns, wealthy shoe store owner, who left practically his entire estate to Gloria and her mother, whom Burns married late in life.

Miss Ida Morris, formerly employed in one of the Burns stores, testified that Gloria was a very affectionate stepdaughter, and that she frequently sat on Burns' knee, hugged him and then asked for funds. Once when she was in New York Burns sent Gloria \$500, the witness said. He also sent her a check for \$100 to San Francisco.
